BA368 Wave2Go

Smart Motion Trigger Signal Light

A smart way to indicate your turning intentions on the road.
Easy to use, with or without gloves. Light is triggered by motion when your hand signal to show your turning direction.
Alternatively, you can place it on "ALWAYS ON" Mode to be seen by other vehicles on the road. Stay safe and be seen whether you are on a bike, E scooter, Skateboard or running.

USB Rechargeable and Rain proof.
